 www.linkedin.com/in/ashutyagi-se

Senior UI Engineer with 10+ years of experience in Graphic Design, UI/UX, Frontend Development, and scalable UI Engineering, including 6 years of hands-on experience in React.js and Next.js. Expertise in reusable component libraries, design systems, SCSS architecture, responsive UI development, accessibility (A11y), and high-performance enterprise applications. Contributed to large-scale platforms including Apollo 24|7.

Experience

Senior Software Engineer — Apollo 24|7

Nov 2020 – Present

- Built and maintained reusable UI component libraries using React.js, Storybook, HTML5, CSS3, and SCSS.
- Collaborated with UX designers and product teams to transform Figma designs into scalable production-ready interfaces.
- Implemented Design System standards ensuring visual consistency across multiple products.
- Developed accessible and responsive user interfaces aligned with WCAG guidelines.
- Improved front end performance and Core Web Vitals through UI optimization and efficient rendering strategies.
- Created reusable design patterns and UI foundations that accelerated development across teams.

Software Engineer — Builder.ai

Jun 2019 – Nov 2020

- Developed scalable Angular and frontend UI modules for Builder Studio
- Created reusable UI components and responsive layouts using SCSS and HTML
- Improved frontend maintainability through modular component structure
- Worked on animation systems and responsive UI behavior
- Collaborated on frontend architecture and performance improvements

Software Engineer — Agan Technology (HCL)

Dec 2018 – Jun 2019

- Engineered frontend UI for enterprise order management platform
- Reduced load time from 20s to 4s through performance optimization
- Identified and resolved 80%+ frontend performance bottlenecks
- Built reusable Angular components and scalable UI structures
- Integrated APIs and improved frontend maintainability

UI/UX Developer — Satya Infosys (NSF India)

Jul 2018 – Dec 2018

- Designed UI wireframes and improved user journey flows
- Created responsive and pixel-perfect interfaces across devices
- Improved usability and frontend consistency
- Worked closely with UI/UX and frontend implementation

Web Developer — Optimise Media Group

Jul 2017 – Feb 2018

- Developed responsive web pages with improved mobile performance
- Reduced page load time by 40%
- Ensured cross-browser compatibility and responsive consistency
- Converted design mockups into production-ready UI

UI Developer — Nextspace Technologies

Jul 2014 – Jul 2017

- Developed responsive UI layouts using HTML5, CSS3, and JavaScript
- Implemented modern UI/UX practices and frontend standards
- Built maintainable frontend structures with optimized styling
- Worked on accessibility and frontend performance best practices

Skills

React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, SCSS, CSS Modules, Responsive UI Development, Design Systems, Reusable Component Libraries, Component Architecture, Token-Based Styling, Atomic Design, Figma-to-Code Workflows, Cross-Browser Compatibility, Core Web Vitals, Code Splitting, Lazy Loading, Technical SEO, Webpack, Vite, Git, Figma, Lighthouse, Storybook

Highlighted Projects

Apollo 24|7 — Healthcare Platform

Tech Stack: React.js, Next.js, SCSS

- Improved frontend performance and Core Web Vitals
- Optimized rendering and frontend scalability
- Built reusable UI structures and scalable frontend modules
- Enhanced accessibility and responsive behavior

T-Mobile B2B Portal

Tech Stack: Angular (UI only), HTML5, SCSS

- Reduced frontend load time from 20s to 4s
- Identified and resolved major performance bottlenecks
- Built reusable Angular-based UI components
- Improved frontend maintainability and performance

Outstanding Contribution

- Outstanding Contribution (06/2014 - 07/2017) - Nextspace Technology Pvt Ltd

Certificates

Arena Animation Academy (AAASP)

- Built responsive UI layouts using HTML5, CSS3, and JavaScript
- Developed real-world web interfaces following modern UI/UX practices
- Applied web standards, accessibility, and performance best practices.

Education

Arena Animation Academy, Delhi

Design & Development Courses

University of Delhi

Bachelor of Commerce (B.Com)

Languages

Hindi (Native), English (Professional)
